**DETAILS:** Wayne Revis, 47, had a cardiac arrest March 3, 2007 while at home with his wife, Cynthia "Cindy" Revis, in southwest Houston. Cindy called 9-1-1. HFD crew members from Engine 48-B responded and applied an Automatic External Defibrillator (AED) to Wayne. Medic 59 arrived quickly thereafter and administered advanced life-support techniques to Wayne.

When Wayne was stabilized, the crew transported him to a local hospital where he received follow-up care. He was soon discharged and has returned to work and his favorite activities which include riding his motorcycle with Cindy every chance they get.
